

## Foundry for AI by Rackspace Launches a Two-step Flight Plan for Copilot for Microsoft 365

February 13, 2024

### AI-powered companion streamlines tasks, boosts productivity, and unlocks new possibilities

SAN ANTONIO, Feb. 13, 2024 (GLOBE NEWSWIRE) -- [Rackspace Technology® \(NASDAQ: RXT\)](#), a leading end-to-end hybrid, multicloud technology solutions company, today announced [Foundry for AI by Rackspace \(FAIR™\)](#) has launched a two-step flight plan for Copilot for Microsoft 365, an Artificial Intelligence (AI) powered companion that streamlines tasks, boosts productivity, and unlocks new possibilities.

"The FAIR two-step flight plan for Copilot for Microsoft 365 is designed to guide customers through their AI journey with a Readiness Assessment and Pre-Flight Checks to ensure data security and governance, regardless of company size or level of AI readiness," said Srini Koushik, President AI, Technology, and Sustainability, Rackspace Technology. "The AI era has arrived, and with Copilot for Microsoft 365, its gold standard for productivity has been launched."

### **FAIR Two-step Flight Plan for Microsoft 365 Copilot Adoption**

The complimentary Readiness Assessment conducted by Microsoft reevaluates the customer's current environment, assesses the organization's readiness to use Copilot for Microsoft 365, and provides tailored recommendations to help the organization move forward with Microsoft 365. After the Readiness Assessment, the customer journey continues with Pre-Flight Checks, in which FAIR experts analyze the output of the assessment and provide tailored recommendations to address their pre-requisite data security, governance, change management and adoption needs for Microsoft 365 Copilot.
