Rackspace Technology Participates in ViVE 2024 to Discuss Healthcare Technology Interoperability and Revolutionizing Digital Health Strategies

February 21, 2024

Curated event for digital health decisions focusing on the business of healthcare to seamlessly orchestrate a patient-centric ecosystem

SAN ANTONIO, Feb. 21, 2024 (GLOBE NEWSWIRE) -- **Rackspace Technology® (NASDAQ: RXT)** — a leading end-to-end, hybrid, multicloud solutions company, today announced its participation in ViVE 2024! February 25 - 28, 2024 at the Los Angeles Convention Center. ViVE is the premier, curated event experience for digital health decision-makers focusing on the business of healthcare.

"Today, our robust solutions portfolio serves more than 2,500 healthcare organizations. Through years of experience innovating across all leading cloud platforms, our customers know they can trust our unbiased expertise," said Jason Jones, Senior Client Partner Rackspace Technology. "Rackspace Healthcare Solutions delivers better patient outcomes across the healthcare value chain; organizations are focused on transformation to address patient needs, preferences, and values while improving outcomes and reducing costs. Whether you're a healthcare provider, payer, life sciences group, or healthcare services organization, Rackspace Technology can guide you toward increased efficiency, reduced costs, and data-centric decision-making."

Jones will be moderating a session on "interoperability" with Dr. Zafar Chaundry, CIO of Seattle Children's Hospital, and Abhijit Gupta, Founder & CEO - of Fold Health.

Seattle Children's Hospital engaged Rackspace Technology to host and manage its Epic Electronic Health Record (EHR). Rackspace provides a fully managed Private Cloud infrastructure solution for three Epic environments. The managed hosting infrastructure allows the hospital system to focus on high-value strategic initiatives that better patient care and optimize the business of serving the Pacific Northwest community.
