

## Rackspace Technology Recognized as a Leader in Four Categories of 2025 ISG Provider Lens™ AWS Ecosystem Partners Report

December 3, 2025

**Rackspace delivers continuous improvement through AI-driven automation and cost control**

SAN ANTONIO, Dec. 03, 2025 (GLOBE NEWSWIRE) -- [Rackspace Technology®](#) (NASDAQ: RXT), Rackspace Technology®, a leading end-to-end hybrid cloud and AI solutions company, today announced it has been identified as a Leader in four quadrants of the [2025 ISG Provider Lens™ AWS Ecosystem Partners Report](#) for the U.S.: **AWS Professional Services, AWS PManaged Services, AWS Enterprise Data Modernization and AI Services, AWS SA Workloads.** Rackspace was also identified as a Leader in two quadrants for Germany: **AWS Professional Services and AWS Managed Services.**

The 2025 ISG Provider Lens AWS Ecosystem Partners Report is a comprehensive research study that evaluates AWS-focused service providers across multiple dimensions of cloud and AI transformation. The report benchmarks providers on their ability to deliver end-to-end AWS services, from migration and modernization to AI-driven innovation and SAP workload management.

“Rackspace Technology drives business outcomes across clients’ cloud lifecycle through workload-aware migration, application modernization, cloud-native data services and AI industrialization through its proprietary Foundry for AI by Rackspace (FAIR™), RITA and ICE assets.” -- ISG Provider Lens: AWS Ecosystem Partners, 2025.

“Being recognized as a Leader across multiple quadrants in the ISG Provider Lens AWS Ecosystem Partners Report demonstrates Rackspace Technology’s ability to deliver comprehensive AWS professional and managed services that drive AI-led transformation at scale,” said D K Sinha, President, Public Cloud at Rackspace Technology. “These distinctions reflect our global expertise in migration, modernization, and workload optimization — helping customers accelerate innovation and achieve measurable business outcomes.”

Rackspace Technology counts more than 2,700 AWS certifications worldwide with 19 AWS competencies including Generative AI.
