Onica by Rackspace Technology has exciting activities including GameDay, a fun, interactive in-booth experience, breakout sessions, theater presentations, and networking events.

SAN ANTONIO, Nov. 16, 2022 (GLOBE NEWSWIRE) -- Rackspace Technology® (NASDAQ: RXT) — a leading end-to-end, multicloud technology solutions company, today announced it is celebrating 11 years of sponsoring re:Invent as an AWS Premier Consulting Partner and Platinum Sponsor of AWS re:Invent 2022. Onica by Rackspace Technology has exciting activities planned including GameDay, breakout sessions, a fun, interactive in-booth experience, theater presentations, and networking events at booth 244 at The Expo at The Venetian in Las Vegas, NV, from November 28 – December 1.

**AWS GameDay: Unicorn HyperSales**
Monday, November 28, 8:30 a.m. – 12:15 p.m. | Ballroom H | Mandalay Bay

GameDay is a collaborative learning exercise that tests skills in implementing AWS solutions to solve real-world problems in a gamified, risk-free environment. This is a completely hands-on opportunity for technical professionals to explore AWS services, architecture patterns, best practices, and group cooperation.

**re:Invent booth | Ask the Experts**
Monday, November 28 – Thursday, December 1 | Booth 244 | The Expo at The Venetian

Stop by the Onica by Rackspace Technology booth to check out some of Onica by Rackspace Technology key solutions built on AWS, chat with Onica by Rackspace Technology AWS experts and attend Onica by Rackspace Technology lightning presentations on key topics that include Data Modernization, AI/Machine Learning, Cloud Native Development, Migration, and Security. Book a time with Onica by Rackspace Technology AWS experts here.

**“Knights of AI” Game**
Monday, November 28 – Thursday, December 1 | Booth 244 | The Expo at The Venetian

This year, we're getting A(l)dventurous in the Onica by Rackspace Technology booth with “Knights of AI” a hands-on, interactive computer vision demonstration that was created by our data science and cloud-native teams and showcases how serverless and AI/ML technologies combine to create an A(l)dventurous experience.

Booth attendees who play Onica by Rackspace Technology’s “Knights of AI” game will see first-hand how key AWS services interact, including Amazon SageMaker, AWS Lambda, Amazon API Gateway, Amazon S3, Amazon DynamoDB, Amazon SNS, and Amazon Simple Email Service.

“Knights of AI participants will use a light sword to complete the gestures in 30 seconds”, said Vikram Reddy Kosanam, Director, Data Analytics and AI/ML Services at Rackspace Technology. "As participants are performing live in front of a camera, our computer vision model will detect successful poses and create a cool GIF that they can share on social media. Top scorers will be featured on the leaderboard and are eligible to win prizes.”

Register to Participate in “Knights of AI” here.

**Breakout session: Ready, Set, Innovate: Building for the Future**
Thursday, December 1, 3:30 – 4:30 p.m. | Mandalay Bay | Room: Jasmine

Onica by Rackspace Technology customer, Innovyze, will take the stage to talk about all things innovation. Innovyze is an Autodesk company and a global leader in building innovative, industry-leading software for the water industry for over 25 years.

In this session, Innovyze CTO Rick Gruenhagen will discuss how the company transformed its desktop product to a purpose-built SaaS platform, Info360, which helps customers provide clean drinking water, treat wastewater, and enables cities and municipalities to monitor in real-time and manage their systems to identify challenges before they become crises.
